4. [REDACTED] ADMINISTRATIVE DELIVERIES

I dropped off a copy of a transcript of William Nelson's, DDO, testimony at Pat M. Holt's, Chief of Staff, Senate Committee on Foreign Relations, office. I also dropped a blind memo on Multi-Spectral Scanning at the office of George R. Berdes, on the staff of the Subcommittee on International Security & Scientific Affairs, House Committee on International Relations.

5. [REDACTED] INTEL BRIEFING - ANGOLA Charles Snodgrass, House Appropriations Committee staff, referred to a New York Times article indicating that the United States Government

[REDACTED]
come out to the Agency (27, 28 or 29 December) for a day with the NIO's. He wanted to start with George Carver and then chat with each NIO available. He was more interested in substance than how the NIO system works. He wanted a bit more time with the NIO's covering [REDACTED]

[REDACTED] 25X1A since he will be going to these places in January. After checking with George Carver, we determined that the timing was bad. I called Snodgrass back and he agreed to fit in the briefing sometime after he got back from his EA trip in late January 1976.

Acting Legislative Counsel
